8/31 *unoccupied*

9/01 Fund Raising Game, Munchkin by *Night*

Games to be held between 8/10 and 8/25 will be at an alternate site and directions will be posted on our Domain Website

---

Current Projects: Concentrating on keeping the website as up-to-date as possible, including adding pictures from events IC and OOC (such as the 5th of July Pie-in-the-Face fundraiser).

We are gearing up for the Rummage Sale to be held on the second weekend of August. Due to the success of our media drive we are going to keep it on going and a section listing our selection is being put on our website. We have plans to give to charity any media donated which doesn't sell within 2 months of the donation. We intend to end this project if it fails to generate interest or fundraising revenue.

MI CON plans are well underway. We have been able to meet our fiscal need quicker than expected. Continuing online advertisement as well as recruiting GMs and STs for the games that will be held there. Researching different types of sponsorship to aid in the fundraising for the event. Advertising is underway. Also, our new logo is almost complete.

Munchkin by Night will be held on September 1st. Coordinators and STs have both worked out most of what they want to see in and from this event. Details will be posted within the week to give players and opportunity to design their cheesiest 1-shot characters.

Prestige audits for membership is complete. Prestige totals in this report should be accurate though they may not match totals in previous reports due to the audit findings.

Problems: The CRD isn't showing people who renewed. I have 2 order numbers dating back weeks. There may be 2 more in the wings. ADC Recruitment did not participate this month.

Questions: Opening a bank account. We are almost ready but we need a TIN (taxpayer identification number). Is that something we will be needing to aquire locally?

Suggestions: None except from previous reports.

Comments: AADC Finance Jar Spencer stepped down. The position won't be filled. I'm bringing Angela Bavar onto domain staff. She will be responsible for tracking the habits and opinions of our player base and react to improve retention. Duties include developing and hosting workshops, aiding new players in finding mentor, contacting player whose attendance habits change and discern the reason for their change (including visiting players.)
